Date: September 4, 2012

To whom it may concerns.

I have worked with Mr. Flynn for over 15 years and have always found him knowledgeable in all areas of Construction.

We have worked together on project from 16,000.00 to 700,000.00 and have always found him helpful and always ready to jump in to push a project to completion.

I would recommend him for his skilled work and trustworthiness.

Warm regards
